# What our customers say about the cloud

*“I don’t know if the **users need all of the workloads** included in their assigned plans.”* Food producer, USA

*“When exceeding my commitment, I can’t assign the invoices from Microsoft to the **real originator**.”* Pump manufacturer, Germany

*“Currently we’re **controlling our cloud budget** only reactively.”* Energy supplier, Germany

*“It’s an art in itself even to order the subscription. Choosing the right plan for every user, activating and managing them, making subscriptions multitenant... that means lots of effort and many error sources.”* Pump manufacturer, Germany
